REASONS FOR ALLOWANCE

The Amendment and Applicant's remarks filed July 2, 2008 have been found persuasive and have overcome the rejection set forth in the Office action sent April 2, 2008.

The following is an examiner's statement of reasons for allowance:

The art of record does not anticipate or make obvious the limitations of a method comprising: determining a plurality of plays at a gaming device; calculating a speed of game play for each of the plurality of plays based on a number of plays per unit time; determining a pay schedule for each of the plurality of plays based on the calculated speed of game play; and displaying a racing object having a position which changes based on the calculated speed of game play, wherein a player payout percentage defined by the determined pay schedule for each of the plurality of plays is greater for a first speed of game play than for a second speed of game play, the first speed being greater than the second speed (as per claims 1, 35, and 36).

Further, the art of record does not anticipate or make obvious the limitations of a method comprising: receiving payment for a predetermined number of slot machine outcomes; generating the predetermined number of slot machine outcomes, each outcome corresponding to a speed value; and displaying a racing object having a position which changes based on the speed value (as per claim 13).

Furthermore, the art of record does not anticipate or make obvious the limitations of a method comprising: determining revenue received per unit of time from a player playing a wagering game at a gaming device; determining a magnitude of a multiplier

based on the revenue, wherein the multiplier is of a first magnitude for a first revenue and of a second magnitude for a second revenue and further wherein the first revenue is greater than the second revenue and the first magnitude is greater than the second magnitude; determining a base amount for a payout; calculating the payout by multiplying the base amount by the multiplier; and providing the payout to the player (as per claims 29 and 34) .

Claims 1-5, 13-17, 29, and 34-36, therefore, are allowable.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
